CATALOGUE FOR SPRING OF 1871.

The Great Western Nursery,

LYONS, IOWA.

Dr. JNO. E. ENNIS, Proprietor.

Office, Corner Fourth and Main Streets.

We confidently ask the attention of Planters and Dealers to our stock, and trust that in all cases where possible, they will visit and make personal inspection of it, thereby becoming satisfied, as they cannot be from letter, of the quality and desirableness of what we offer. Our grounds are open at all times, and visitors are invited freely to call.

It will be to the advantage of purchasers to make out their orders **EARLY**.

Please be particular in all cases to put the order in *distinct, definite form*. Let it be on a page or sheet separate from the body of the sheet.

All articles will be packed in the best manner, for which a charge will be made sufficient only to cover the cost of material, and all packages will be forwarded **ENTIRELY AT THE RISK OF THE PURCHASER**.

In every case our customers will please to specify particularly and definitely *the mode and route* by which they wish their goods sent, and the party to whose care they wish them consigned. This may save them and us great inconvenience. When no directions are given, we shall use our best judgment.

WE WISH IT DISTINCTLY UNDERSTOOD that those not remitting with the order, will be required to give **GOOD ENDORSED NOTE**, payable at some Bank.

In all cases where any varieties ordered cannot be supplied, we reserve the right to substitute other kinds equally desirable, unless otherwise ordered.

If any error is committed in filling an order, the purchaser is requested to notify us at once, as **NO CLAIMS FOR REDUCTION WILL BE ALLOWED UNLESS MADE WITHIN TEN DAYS** after receipt of stock. Our stock is large and complete in all its branches, and our shipping facilities are unsurpassed. Freight, west, fifty per cent. lower than from any point east of this. The prices indicated apply only to the number or quantity specified.

Persons not acquainted with the varieties of Trees and Plants, by leaving the selection to us may depend on getting good varieties.

Letters of inquiry cheerfully answered. Orders filled promptly.

Fruit Department.

Deciduous Trees.

	100.	1000.	10,000.
ASH, European Mountain, 1 year, 4 to 6 inches.	1 00	5 00	40 00
do American White, 1 year, 8 to 15 inches.	1 00	2 50	20 00
The White Ash is valuable for Timber, is a beautiful, rapid growing tree, well adapted to all prairie soils.			
CHESTNUT. American. 4 to 8 inches.	3 00	25 00	
do do 8 to 12 inches	4 00	35 00	
do do 12 to 18 inches	7 00	60 00	
do do 18 to 24 inches	12 00		
do do 2 to 3 feet, 25cts each	26 00		
do do 2 to 4 feet, 35cts each	25 00		

The value of this tree is so well known that but little need be said. We are pleased to note that they do so well on our western soils, bearing fruit in 7 to 10 years from planting. Trees set in 1860 are now 20 feet in height, producing fruit yearly.

ELM, American White, (Forest.) 1 year, 6 to 18 inches.		3 50	
do do 2 years, 12 to 15 inches	1 50	12 00	
HONEY LOCUST, valuable for Hedge and Timber, 1 year	1 00	5 00	40 00
MAPLE, Ash Leaved, 1 year, fine, 6 to 15 inches.	1 00	2 50	20 00
do do 2 years, fine, 15 to 30 inches.	1 50	10 00	75 00

The Ash Leaved Maple is probably the most valuable tree for general planting through the West. It is a beautiful, rapid growing tree, free from all insects common to the Maples. The wood is tough and strong, resembling White Ash. The sap contains sugar in larger quantities than any known tree, and of fine quality. Five hundred trees planted in rows along the fences, or as a wind break, will produce annually more syrup or sugar than any ordinary family can use. It is easy to transplant, and will grow on a l soils.

100,000 Root Grafts of best quality—we challenge comparison with any made—samples sent on application.

...

Our Three Warrants.

1st—We warrant all Stock carefully dug.

2d—Stock to be healthy and first-class.

3d—Every tree true to name, and carefully packed.

Important.

We have arrangements to ship East or West on through fast freight, making express time at freight rates. We can ship North or South by river or rail at less rates than from almost any point on the Mississippi river.

We refer parties for reference as to our responsibility to
